Where can I use a QOLA BBQ Pod?

- **Gardens:** Perfect for daily family use or for small gatherings. The Pod is weather-resistant, and low-maintenance so it is perfect for an Irish garden all year round.
- **Commercial Venues:** Ideal for restaurant patios or guesthouse BBQ areas; durable, hygienic, and easy clean.
- **Coastal:** The QOLA BBQ Pods have excellent salt-air resistance making it a great fit for an outdoor kitchen near the sea.

Can I customise the layout or add features?

- Yes! We offer customisation for size, layout, surface finishes, and accessories (e.g. fridges, sinks, power outlets, grills) with additional costs.
- Share your requirements with our team, and we will create a tailored solution.

How is the BBQ Pod delivered?

- The BBQ Pod is delivered fully assembled.
- Please ensure there is sufficient access (gate width, path clearance) for forklifts/moving equipment for a fully assembled unit.

Is there any special preparation required for installation?

- **Ground Requirements:** The pod must be installed on a flat and solid surface, such as a 10cm-thick concrete platform or a treated wooden frame. Avoid placing directly on soil or uneven ground.
- **Space Clearance:** Leave at least 15cm of ventilation space on all sides and a minimum of 50cm above the unit from flammable structures.
- **Water and Power:** If your pod includes a refrigerator or sink, pre-plan for power outlets and plumbing for water in/out as needed.

Do I need professional installation?

- No, since QOLA BBQ Pods are delivered fully assembled, most units are plus-and-play!

Have a question that isn't answered here?

- Drop us an email with any further questions you may have and we will get back to you as soon as possible! info@qolaireland.com
